

# GEAA MEMEBERSHIP BENEFITS

**CONTINUED LOBBYING:** GEAA continue to push the visibility, challenges, and needs of our members across the table of government officials across the globe on the importance and positioning of geothermal within the energy mix, we need to understand the challenges you are facing whatever they are, so you continual feed back to us is key without it we lose the messaging which drives GEAA in its ability to advance geothermal.

**EVENTS:** Doing something special, we can post your events, just send us your authorised media, text and a photo.

**NEWS:** We can post your news and feature you on our website also, sharing your project success, your growth and developments, just send your authorised media.

**NEW! JOBS:** Post your Geothermal Jobs: We can post your geothermal job requirements online and share within our network.

**FOUNDING MEMBER PORTAL** Your Company Logo with a direct link to your website.
